### Section F: Comprehension (8 marks)

#### Read the passage carefully (Questions 25 - 30)

Raja was showing off to his friends how he was able to throw a ball higher and farther than them. He threw the ball with all his might from one end of the basketball court to the other end. The ball flew like a rocket over the heads of all the boys. It went past the other end of the basketball court. As there was no fence, the ball landed in the field that was just beyond the basketball court.

Amy was sitting at the end of the field near the pond watching a family of ducks swim. When she heard some noise, she turned and saw a big orange object heading her way.

"Stop that ball!" one of the boys shouted.

The ball landed a few metres away from Amy. It started rolling and was heading right for the pond. The ducks sensed danger. They started quacking and flapping their wings wildly. Immediately, Amy sprang to her feet and threw her arms out to stop the ball just as it was about to splash into the water. As a result of Amy's quick-thinking, she saved the ducks and the ball!

"Bring it over here!" shouted Raja. Amy walked over to the basketball court with the ball in her hand.

"Thanks," the boys said together.

"May I take a shot?" Amy asked the boys.

The boys said, "Sure." All the boys laughed at Amy as she prepared to throw the ball. She was much younger than them!

Amy took the ball and stood at the line. She focused on the basketball net and gave her best shot. The boys watched with amazement as the ball whooshed straight into the basketball net. Amy smiled as the boys cheered loudly for her. They apologised to Amy for laughing at her because they thought that she would not be able to throw the ball into the basketball net.
