It was Anna's first day in a new school. Upon seeing her simple clothing and knowing that she is from a village, the other students in class started making fun of her. Once the teacher stepped in, everyone was quiet. The teacher suddenly told the students to get ready for a surprise test. She told everyone to write down the Seven Wonders of the World. Everyone started writing their answers quickly. However, Anna started to write the answers slowly as she was thinking through them. 5

When everyone, except Anna, had submitted their answers, the teacher came over and assured Anna, "Don't worry, Anna. Just write down what you know. The other students learned about them just a couple of days ago when you were not in school." 10

Anna replied, "I was thinking about which seven to pick and write when there are so many out there." After a while, she handed her answer sheet to the teacher. The teacher started reading out all the students' answers, one by one. Most of them had answered correctly by writing down the wonders as listed in the History textbook. 15

The teacher was happy that her students had remembered what she had taught them. At last, the teacher picked up Anna's answer sheet and started reading it aloud.

"The Seven Wonders are – To be able to See, Hear, Feel, Laugh, Think, Love and be Kind to others!" she read. The whole class burst out into laughter upon hearing Anna's answers. Anna's face turned red. However, the teacher was stunned. That day, Anna had reminded everyone about the precious abilities each of us have. "These abilities are the true wonders that we should not take for granted," the teacher said. The whole class was speechless. 25
