## Comprehension (10 marks)

One day, an old bamboo cutter called Taketori came across a shining stalk of bamboo in the forest. Curious, he decided to cut it open. To his delight, he found a baby girl in the bamboo plant.

Taketori took the baby girl home. He and his wife took very good care of the baby. They called her Kaguya. Soon, Kaguya grew up to be a beautiful young woman. News about her beauty spread across the country. 5

When Kaguya turned twenty years old, many princes came to Taketori's house to ask for Kaguya's hand in marriage. However, Kaguya had no desire to marry anyone, so she gave them a very difficult task: to bring her the crystal stone from the Red Dragon's chest. The princes fought very hard with the dragon but they could not get the crystal stone. 10

That summer, whenever Kaguya looked at the moon, her eyes were filled with tears. Her parents questioned her strange behaviour. Kaguya revealed to them that she was not part of this world and had to return to her home on the moon. At the same time, she did not want to leave because she loved her parents very much. Her parents hugged her and told her to do what made her happy. 15

One night, while her parents were sleeping, Kaguya returned to the moon. She left a note telling them that she was sorry and would visit them every full moon.

Which word in paragraph 1 tells you that Taketori felt happy when he found the baby girl in the bamboo plant?

One day, as she was working in the fields with her parents, a friend walked past her. 5

"Oh! I didn't know you were a farmer," she said.

"I am not a farmer. I am just helping this old couple out," replied Mindy.

This happened every day. Her friends would ask her about it and she would not tell them the truth. Day after day, her parents grew sadder. They were disheartened upon hearing her reply. 10

One day, when Mindy was in the fields, she saw a little fairy. The fairy told her to stop breaking her parents' hearts, else, something dreadful would happen to her. The next day, Mindy lied about her parents again. The moment the words left her lips, the muscles around her mouth tensed up. She could no longer speak. 15  
 Mindy regretted her actions but it was too late.

When Mindy's parents found out what had happened, they looked high and low for the fairy to get her to undo the misfortune. Mindy started to see how much her parents loved her despite their age and decided to treat them better. At that moment, the muscles around her mouth started to relax and she could speak again. Her first few words to her parents were, "Thank you." 20
