Question 60

Primary 6 English » Primary 6 English (Prelim)

"Dad, can't we stop to get something else to eat? I'm starving," sulking, Brad asked his father as he sat back against his seat and folded his arms. They had been travelling for over three hours in the stuffy old car.

"Are you really hungry?" Brad's sister, Olivia, who was also sitting in the back of the beat up old Nissan car, pointed out as they just had something to eat half an hour ago. She had her sketchbook out on her lap, with a pencil in her hand to keep her occupied. She tried to draw but had difficulty **doing so**. She had to keep erasing her sketch work as the old car kept jerking. 5

"Are we there yet?" Olivia asked optimistically as she continued drawing.

"We'll be there in practically two minutes. The house is around here... somewhere," Dad answered with some uncertainty. 10

"I don't even see why we had to move in the first place," Brad rolled his eyes, "I was happy back in the old neighbourhood with many friends and being the most popular student in school. My life could not have been more perfect." Silence hung in the air as Dad refused to discuss it as he had already explained to him. Soon, they were driving through a huge area that contained many large houses. They were at least three or four storeys high, complete with balconies and towering pillars by the front door. 15

"This can't be it, right?" Olivia stared out the window elatedly. Brad was looking out of the window too, with a hint of excitement displayed on his face as he stared at one.

"The house is huge! I can't believe this is it!" 20

Suddenly, Dad broke the news that he could never afford such a house. Upon hearing that, Olivia was not in the mood to draw any longer. She closed her sketchbook and placed it on the seat next to her. She continued to look out of the window. Realising that he had missed an exit, Dad made a U-turn and drove away from the area. A few moments later, they were in a different road. The narrow road was lined with houses on both sides. Each one was ordinary and most disappointing than the last. It was a dramatic contrast to the one they had just seen. The car slowed down as it approached a house. Dad pulled into the driveway and paused for a second, breathing in the tense atmosphere that was brewing inside the car. Taking in the sight of the house as if it was a palace, Dad got out of the car. 25 30

"You have got to be kidding me," Brad scoffed, slamming the car door behind him and walked towards the house. "You traded our beautiful apartment for this old house?" Ignoring him, Dad jangled the keys cheerfully as he walked up to the front door.

Inside the house, it did not get much better. The paints on the walls had faded into a murky pale yellow. The rooms were empty as the carpets had been ripped up to expose the bare floorboard which made them seem even uglier. 35

"Well, this is nice," Olivia said plastering a superficial smile on her face which was so transparent that even Dad would be able to see through it.

"It will be a lovely home once we get the furniture in," Dad said, showing no sign of the disappointment that Olivia and Brad were feeling and continued wandering the house and peering around the room. Brad walked up to Olivia with his arms folded over his chest clearly brandishing his frustration that they had to move due to the fact that Olivia received a scholarship to a prestigious school. He shrugged loosely as he left the room after slamming the door behind him. Olivia was left in the room on her own and began to imagine the terrible life she would have in the dull house. Furthermore, with the misery she realised she had caused her brother, she had a change of heart and began to think whether accepting the scholarship was a good decision after all. 40 45

From the first paragraph, what did Brad do to show that he was getting frustrated?
