### Section H: Comprehension (10marks)

Ben and Amy were at home while their mother was out shopping. Ben was in the living room when Amy heard something break. Amy quickly ran into the living room and saw that Ben had broken their mother's favourite vase.

"What have you done?" Amy gasped. Ben cried, saying it was an accident. Amy quickly got some glue and carefully gathered up all the broken pieces. It took her 5 an hour but she finally fixed the vase. Then came the real disaster.

"Oh dear!" Amy screamed. She had glued her hair to the vase! Realising that there was no way to remove her hair from the vase, she grabbed a pair of scissors and cut it.

As Amy was looking at her ridiculous new hairdo, their mother returned home. 10 Ben quickly ran to his room. Before Amy could explain, their mother yelled at her because she thought Amy had broken the vase.

Amy went to her room sadly. She thought about the broken vase and how she was to go to school with the silly hairdo. Just then, Ben walked in, gave her a hug and said thank you. "You're welcome," Amy replied. "I guess that's what an elder sister 15 is for - to be there for you when you need help."

Which word has the same meaning as "hurriedly"?
